

LOGISTICS SUPPORT

Logistics Support at DoD Activities. This is a combined synopsis/solicitation SP4410-98-R-1002, for commercial items prepared in accordance with the format in FAR Subpart 12.6, as supplemented with additional information included in this notice. This announcement constitutes the only solicitation; proposals are being requested and a written solicitation will not be used.

The Defense Reutilization and Marketing Service (DRMS) has an on-going requirement for the administrative, operational, and logistic support at a variety of DoD locations, throughout CONUS. For a definition of the types of logistics support that may be required, offerors may visit the web site at www.drms.dla.mil. The publications are located under the R/T/D section. Enter the pubs/regs section, view the numerical listing of all publications with the numbers 4160.3 or 4160.14 and DoD 4160.21-M for definitions and explanations. The Defense Reutilization and Marketing Offices (DRMOs) that will be supported under the resultant contracts provide for the disposition of surplus Government property.

The labor categories include (but may not be limited to): Hazardous Property Processor; Forklift Operator; Heavy Equipment Operator; Material Coordinator; Recycling Worker; Warehouse Worker; Environmental Technician; General Administrative/Clerical Support, and associated management support.

The solicitation provisions and clauses are those in effect through Federal Acquisition Circular 97-04.

The solicitation is issued using unrestricted, full and open competitive procedures. The SIC for this acquisition is 7389, \$5.0 million.

The Government will award multiple Indefinite Delivery Indefinite Quantity contract as the result of this solicitation. Task orders will then be competed for specific services throughout the life of the contract(s). The minimum for the program (all contracts) is \$25,000; the maximum is \$5 million (base and option periods). Each contract awarded will receive a pro rata share of the minimum for the program. Awards will be based on past performance and price. The evaluation factor for past performance is slightly more important than price; however, price is still a significant factor. All offerors are requested to furnish references with telephone numbers and points of contact that demonstrate similar or same past performance within the past three years. Offerors are requested to submit a price proposal that provides a percentage amount, that the offeror will use in developing task order proposals, over the Department of Labor (DoL) Determination amounts for wages and benefits (wages and benefits are defined as the actual wage rate and fringes). Offerors are required to indicate in their offer whether subcontractors will be used in the accomplishment of the task orders. In accordance with FAR 52.212-5, Paragraph (4), a subcontracting plan may be required.

All subsequent task order proposals shall be based on wages at rates no higher than the rates reflected in the contract for DoL wages plus the proposed percentage. Even though the contracts will reflect the labor rates (percentage), it is expected that individual task orders will

generally be based on performance work statements and not reflect hours. The price proposal submitted for this combined solicitation/notice shall address the base period and the option periods. Task order proposals will be evaluated on some combination of past performance, price, and/or technical evaluations.

Offeror's will be evaluated based on past performance and price. The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value to the Government. The Government intends to evaluate proposals and award without discussions; however we reserve the right to conduct discussions should the contracting officer determine them necessary.

The period of performance is 18 months with 2 each 12 month option periods. Inspection and acceptance shall be at the place of performance.

The DRMOs are divided into 15 zones. Each offeror may offer on all zones, or a group of zones. No contract will be awarded for less and a group – which will have 4 zones, except West Zone 7, which will have 3. Groups to be awarded are: Group A: ZONES 1 – 4 EAST; Group B: ZONES 5 – 8 EAST; Group C: ZONE 1-4 WEST; Group D: ZONES 5 – 7 WEST. The zones are as follows:

EAST ZONES:

Zone 1: Rock Island IL; Great Lakes I/ Sparta WI; Leonardwood MO; Whiteman MO; Scott IL; Duluth MN; Memphis TN; Savanna IL.

ZONE 2: Battle Creek MI; Columbus OH; Selfridge MI; Wright Patterson OH; Crane IN; Indianapolis IN; Blue Grass KY; Knox KY; Campbell KY.

ZONE 3: Groton CT; Portsmouth NH; Romulus NY; Drum NY; Westover MA; Brunswick ME; Tobyhanna PA; Picatinny NJ; Lakehurst NJ; McGuire NJ; Philadelphia PA; Dover DE.

ZONE 4: Mechanicsburg PA; Letterkenny PA; Aberdeen MD; Patuxent River MD; Meade MD; Belvoir VA; Dahlgren VA; Quantico VA; Richmond VA; Williamsburg VA; Norfolk VA; St. Juliens VA.
